Presented by Bob Pritzker

Our own Bob Pritzker will lead us through a detailed look at the Eureka electric clock. These are unique and fascinating time pieces that are not commonly seen but keenly sought by collectors today. Toronto Chapter 33 In Person Meetings

We had great hopes to be able to re-establish in-person meetings, but it is clear that COVID continues to impact our lives and has made it impossible for us to host an in-person meeting at this time. We will continue to monitor the changing situation but for now will continue to host meetings online. Once we can be comfortable that we can come together safely we will resume in-person chapter meetings.
